Jabra

A pure design attitude

Stylish design

The Jabra JX10 takes Bluetooth* headset design to the next level. Created by world-renowned Danish designer, Jacob Jensen, this is a wireless mobile headset where style is the operative word.

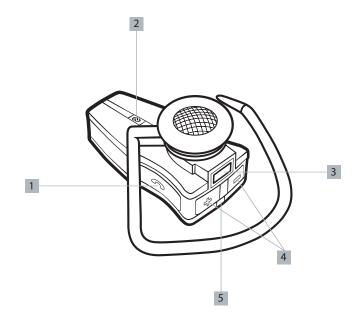

Compact design

The sleek, compact design makes Jabra JX10 amongst the smallest and lightest Bluetooth headsets available – but there is no compromise on the prize-winning functionality and performance that Jabra is famous for. Weighing in at less than 10 grams, you'll barely feel you're wearing it.

Intelligent design

Every aspect of the Jabra JX10 is designed to perfection. Pairing to your mobile phone is simple with the intuitive one-touch button. Automatic volume control elevates sound level and quality to match your environment – and DSP (Digital Signal Processing) technology reduces background noise significantly. Even recharging is stylish and simple with the elegant desktop charging cradle.

Refine your style. Release your Jabra.

Quick start guide

- 1. Fully charge your Jabra JX10 for 2 hours and switch on by pressing and holding the answer/end button.
- 2. Press the pairing button 2 marked **(a)** to put the JX10 in pairing mode.
- Set your mobile phone to 'discover a Bluetooth device' (see your phone user quide).
- 4. Press Yes or OK when asked if you want to pair the phone with the Jabra JX10.
- 5. Enter passkey or PIN = 0000 (4 zeros), then press Yes or OK.
- 6. Your phone will confirm when pairing is complete.
- 7. Release your Jabra!

Basic functions

Making a call

When you make a call from your mobile phone, the call will automatically transfer to your headset. If your phone does not support this setting, just tap the answer/end button to transfer the call to the headset.

Answering and ending a call

Tap the answer/end button on your headset to answer a call. To end your call, just tap the answer/end button again.

Last number redial

Press the answer/end button for 1 second to redial the most recent number dialed.
